

# Provincial Discussion Table News

MAY 2011

## Joint Labour/Employers Update #6

The CAS Provincial Discussion Table resumed on May 17th, 18th and 19th at the OACAS. (The Ministry of Labour cancelled a number of previously scheduled dates due to the lack of availability of all participants on April 26th, May 4th, 5th & 6th).

On May 17th, information was tabled by the Employers Group and shared with the Unions and Ministry in response to a number of questions that were raised at the last meeting on April 15th.

There was much healthy discussion on the topics of interest. Over the following two days, May 18th and 19th, the Unions tabled their proposals for consideration. The parties have agreed to continue to meet June 1st, 2nd and 3rd in an effort to develop a Consensus Agreement for the child welfare sector.

The Unions continue to ask Locals not to move to impasse on local bargaining issues to allow these CAS PDT discussions to unfold.

If you require any clarification regarding the CAS PDT process please contact the respective PDT table contact listed below.
